Please set the Lot # and Expected Lot Count before proceeding

AgInfoLink v.1.01.0010

## FEATURES & BENEFITS

- Simple collection of NAIS events for compliance such as:
  - Premises ID, Auction ID, Location,
  - Dates, Lot Number, Animal Count
- Optional collection of NAIS events such as:
  - Breed, Sex and Birth Date
- Utilized in an Auction setting, Animal Logger™ easily records events such as: Buyer and/or Consigner Codes
- Communicates with multiple RFID readers including the wireless BT3™ RFID tag reader and panel readers.
- Can be combined with optional BeefLink™ PC software for powerful report generating tools.

Animal Logger™ is an easy-to-use data collection and sharing solution that allows for quick identification and recording of basic NAIS compliance and animal movement data.
