

TagTracker 2™

AgInfoLink's rugged hand-held wireless RFID reader that withstands the rigors of field use.

FEATURES

TagTracker 2 reads RFID tags and communicates with a base station connected to a PC computer located over 100 feet away.

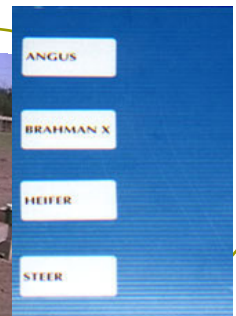

TagTracker 2 features include:

- Survives repeated six-foot drop test to concrete
- Water and dust resistant
- Reads Full Duplex (FDXB) and Half Duplex (HDX) tags
- Powered by a standard 9.6-Volt Makita rechargeable battery, model 9000 and 9033 (not included)
- Multiple hours of continuous operation on a single battery charge
- Ability to recharge battery in under one hour
- RFID Reader: 134.2 KHz, ISO 11785
- Meets requirements of the International Standards

BENEFITS

AgInfoLink creates Real Solutions for Real Customers that translate into Real Benefits.
